**REQUEST TO THE FEDERAL GOVERNMENT  
AND AUSTRALIAN CYBER SECURITY CENTRE (ACSC)  
FOR AN INQUIRY INTO ABORIGINAL VIOLENCE ON SOCIAL MEDIA,  
AND INTO CORRUPTION IN THE ABORIGINAL INDUSTRY**

Dear Mr Morrison, dear all,

We saw that no action was taken by the Federal Government in response to our Open Letter and Request to the Federal Government to deal with the escalating problem of Aboriginal violence against non-Aboriginal artists and intellectuals, sent on 29 May 2019.

Rather than repeating the facts as detailed in the Open Letter – about the Aboriginal campaign of hate and abuse run on the ABC Facebook page<sup>5</sup> in February/March 2019, after the ABC published a hate-inciting, defamatory article, please follow the link to view the Open Letter and its Attachments, containing the Request sent in 2015, which includes the list of other documents detailing Aboriginal violence, submitted over the last ten years:

[https://www.academia.edu/39291840/Open\\_Letter\\_to\\_the\\_Australian\\_Prime\\_Minister\\_Scott\\_Morrison\\_and\\_Request\\_for\\_a\\_Federal\\_Inquiry\\_into\\_Aboriginal\\_violence\\_on\\_social\\_media\\_and\\_into\\_corruption\\_in\\_the\\_Aboriginal\\_industry](https://www.academia.edu/39291840/Open_Letter_to_the_Australian_Prime_Minister_Scott_Morrison_and_Request_for_a_Federal_Inquiry_into_Aboriginal_violence_on_social_media_and_into_corruption_in_the_Aboriginal_industry)

The Attachments show that this long-term problem with Aboriginal violence keeps escalating uncurbed, and is spreading to social media, specifically Facebook. It has infected the Australian public service and Government agencies at all levels, and keeps metastasizing like a cancer.

The more it snowballs, the more reluctant our Government is to tackle the problem, for it has simply become too much of a hot potato.

The only way that our Government is attempting to pacify the angry mob seems to be to keep throwing away billions of dollars of taxpayer's money and giving away large chunks of our land, every time any Aborigine – either real or fake – claims to be “offended”, “enraged”, or “hurt”.

This is not going to stop, because Aborigines have learned that feigning anger, offence, or hurt pays so well. This apparently unstoppable cycle of violence has shown that the goodwill, generosity and compassion shown to Aboriginal people over the last few decades may have been completely misplaced. This has turned our endless attempts of helping the tribes into a black hole, into which our money keeps disappearing with no positive outcome – quite the contrary, our goodwill seems to keep encouraging more violence by those who see it as a means to an end.

This black hole just keeps sucking everything in and gives nothing positive in return.

The Aboriginal industry keeps coming up with new additions to the Australian Newspeak, such as “generational trauma” (over something that happened over 230 years ago) which requires countless amounts of money to “help them heal”<sup>6</sup>.

<sup>6</sup> This is odd, since we see tens of thousands of refugees coming to our country every year, from war-torn countries where they had horrible experiences – but who within five years are able to overcome their trauma, to live good, happy and productive lives.

Another recent invention is “spiritual harm”. Our judiciary is apparently willing to accept that particularly vague notion as a legitimate reason for compensating those who claim to have suffered “spiritual harm” with money and land. At the same time, those same people in charge, who so readily bend over backwards to approve every Aboriginal unsubstantiated or unprovable claim, remain oblivious to the harm – physical, mental, emotional and spiritual – caused to non-Aboriginal Australians, through escalating Aboriginal violence as well as through the Aboriginal industry’s increasingly corrupt conduct.

We, the Australian people from 270 different nationalities, who actually built this country, have been systematically stripped of our basic liberties – our freedom of speech, freedom of artistic expression, freedom to conduct honest archaeological research, and freedom to wave our Australian flag on Australia Day. Or to sing our anthem. Or to do anything without “Aboriginal permission”.

We know from our contacts that – just like government departments and agencies at all levels – our law enforcement agencies are heavily compromised, had their powers taken away from them, and are under orders to handle Aborigines with kid gloves.

However, we still believe that there are always some good people within every government department or agency, with integrity and courage to take action, as is so desperately needed in order to protect non-Aboriginal Australians.

We hope this Request will reach some of them.

### **Another Aboriginal racist campaign against non-Aboriginal Australians**

Recent events have involved an endless string of extremely vulgar, abusive, derogatory, and racist comments (yet another case of reverse racism, which is rampant today), false claims and hate-inciting accusations by ‘blacktivists’, as well as death threats and open calls for rape and murder (Attachment 1-2020).

Apart from people running the Wanjina Watchers Art page<sup>7</sup>, its supporters and members of the general public who have objected to false Aboriginal claims, have also been targeted and subjected to horribly vulgar abuse.

Among the most affected is Mr Marty Phillip Hoare, as slandering him was one of the focal points of the Aboriginal campaign of hate, harassment, intimidation and malice. Racial hatred and threats of violence are included in Attachment 1-2020.

The way the ‘blacktivists’ kept attacking and insulting Mr Hoare’s Vietnamese wife illustrates the extent of their hate and the depth of the racism directed towards all non-Aboriginal people.

Furthermore, one of the hate-instigators was Racquel Buis-Kerr, who seems to be a public servant, employed by Parks Victoria. In the common Aboriginal manner, she publicly posted the address of what she believed was Mr Hoare’s employer, urging others to make his life hell. To our warning that she would be reported she laughed and mocked us, and went on posting the same address with instructions to harass him, until we banned her from the page. She seems to be an angry, malicious person, of very poor character, but – like so many Aboriginal people – is quite arrogant, feels to be above the law, since they “have everyone in their pocket”, as they so often gloat.

Such openly hostile, aggressive and immoral people should not be in the public service. Some of her comments can be found in Attachment 1-2020.

In Aboriginal campaigns of hate such as this one, it was noted that the same users, when banned, keep coming back under different profile names. For example, fake profile John Citizen was banned for

---

<sup>7</sup> <https://www.facebook.com/wanjina.art/>

vulgarity, came back as Ron Citizen, was also banned, and came back again as Don Citizen. Due to the possibilities provided on Facebook, these people can create a number of fake profiles, as they do. They sometimes create a profile just to post a few abusive comments and threats of violence, and to send very specific death threats to our Page inbox; a few minutes later they delete that particular profile. So they are untraceable.

Because the worst offenders use such methods and know how to misuse Facebook for their criminal conduct, they remain safe from consequences. And because that has become their common way of harassment, it would be an impossible task to deal with them on an individual basis. This problem has to be solved by showing such groups of thugs that their behaviour will no longer be tolerated.

In our opinion, that problem could be easily solved: take away the money, take away the privileges – and such unsavoury, malicious characters would become civilised in no time.

## Recommendations

**Because of all of the above, we request for this problem to be dealt with at its root, rather than on a one-by-one basis. Taking one or all of the available actions, would suffice to effectively stop further escalation of Aboriginal violence against non-Aboriginal Australians:**

1. **Radical change of the current Government's policy regarding Aboriginal people.** They have been over-privileged, over-financed, and over-empowered for decades, causing irreparable harm to non-Aboriginal Australians. They should be treated the same as any other Australian, with the same responsibilities, same obligations, and same expectations<sup>8</sup>.
2. **Giving our law enforcement agencies their powers back,** to deal with Aboriginal violent individuals just as they do with any other criminal<sup>9</sup>.
3. **Mandatory DNA tests to prove who is and who isn't an Aborigine** or of Aboriginal descent. While other Australians have to prove who they are, any claim of "aboriginality" by those who self-declare is just blindly accepted, allowing them to keep abusing the system.<sup>10</sup>
4. **Ending the current narrative based on fictitious or fabricated ideas** as is done by people like Bruce Pascoe, and the return to our schools of real, evidence-based research and works provided by legitimate researchers and authors.
5. **Re-examining all the approved land claims** by an independent, preferably international, group of experts, since the Australian experts – when it comes to things Aboriginal – can no longer be trusted<sup>11</sup>. The land given away on the basis of false claims should be taken back.

---

<sup>8</sup> There are hundreds of thousands of fake Aborigines today – those self-declaring as Aboriginal for the privileges and advantages that being an Aborigine automatically brings them. They are misusing the current Government policy, for falsified land claims over areas in which they never lived, and abusing all the goodwill and generosity as shown over the last fifty years by non-Aboriginal Australians.

<sup>9</sup> This was well evidenced in the Blue Mountains, where police officers and detectives at both Katoomba and Springwood stations admitted they have their hands tied by the local politicians, including the Mayor, who openly supported the thugs.

<sup>10</sup> This is especially widespread in the Blue Mountains, where according to the local historians there were no Aborigines in the past, but suddenly everyone seems to be rushing forward to declare themselves as being one – just some examples of people who publicly admitted this is so, are as follows [names and photos included in "The Truth about Australian Aborigines – In Their Own Words" art installation], who laugh at the notion that they should provide any proof, saying that no-one would dare to question them these days. Needless to say, every one of these self-declared *nouveau Aborigines* is immediately given all the benefits and privileges that automatically come with such a claim.

<sup>11</sup> Australian experts, such as archaeologists, anthropologists, geneticists, or geologists, have openly told us they were ordered what to write and what the conclusions of their "expert reports" must be. Some were forced to detract their former findings – which did not fit into today's paradigm – in order to save their careers.

### **“The Truth about Australian Aborigines – In Their Own Words” art installation**

There is something good coming out of the currently ongoing Aboriginal attacks – we will never again have to explain anything about Australian Aborigines to either people overseas or to the Australian public. To anybody who wants to know, it will suffice to advise them just to look at “The Truth about Australian Aborigines – In Their Own Words” art installation and the comments it contains, to find out all they need to know about them.

Aborigines “forbid” everyone to talk about them without their “permission” – with threats of violence, as always – and demand that they must be allowed to speak for themselves.

We were giving them a fair chance to present themselves any way they wish. And they made their choice. They presented themselves and their culture quite accurately – far better than anyone else would be able to describe them.

With every act of violence such as we are experiencing right now, our art installation keeps growing. We see it as a good thing – it is important to provide accurate information about Aboriginal attitudes, their state of mind and modes of conduct.

“The Truth about Australian Aborigines – In Their Own Words” is interspersed with “aboriginal sacred dots”<sup>12</sup> and “sacred hand prints” – that is our tribute to the fashion designers and artists overseas, terrorised by both the Aborigines themselves and by the Aboriginal industry<sup>13</sup>.

It also perfectly illustrates the ideological tyranny we now have to live under and which is strangling our country. Not even in the darkest days of communism had we seen such a horribly hateful, extremely vulgar, and utterly brutal, racist group of people.

Prime Minister Scott Morrison, we urge you personally, and the Government under your leadership, as well as the leadership of the opposition, to properly address this issue which has remained unaddressed for far too long.

We urge you to start considering the wellbeing of non-Aboriginal Australians, a wish that some of the progressive-thinking Aboriginal Australians have also expressed many times. And to restore our democratic rights, enabling us all to again be free to live, create art, and conduct our businesses without constant fear of Aboriginal violence.

Happy Australia Day, everyone. And please be careful! Don’t wave the Australian flag, or sing our anthem – you might get killed, by those who “have everyone in their pocket” and are eager to prove they can get away with murder.

Kind regards,

Vesna Tenodi

<sup>12</sup> It should be noted that Aborigines learned dot-style only recently, from a white teacher Geoffrey Bardon, who went to the Aboriginal settlement of Papunya in 1971, and decided to teach the children to paint in the French style of Pointillism.

<sup>13</sup> This is our tribute to the American fashion house Rodarte, terrorised by Aborigines for using prehistoric hand prints in their fashion design, to the Turkish fashion designer Les Benjamins, terrorised for using “sacred dots” without Aboriginal “permission”, to Polish designer Ewa Smuga, terrorised for using a repetitive geometric pattern in her interior design, and to Chanel company, terrorised for using a boomerang shape in their accessories line.

**“The Truth about Australian Aborigines – In Their Own Words”**

Excerpts from comments posted by Aborigines and Aboriginal ‘activists’, within their campaign of hate between 21 December 2019 and 07 January 2020, on the Wanjina Watchers Art Facebook page<sup>1</sup>. Here are some examples, out of the total of 3,100 + comments/replies, with approximately 50:50 ratio – half posted by Aboriginal abusers, and half by defenders of non-Aboriginal Australians’ civil liberties.

While the Aboriginal campaign of hate and abuse was going on, Australia was burning, just as Aborigines have lately been urging their “mob” to do, with their public “Let’s burn stuff!!”, “Let’s burn it to the ground!” calls for destruction, as repeated on ABC Q&A program<sup>2</sup> in November 2019. As the Australians were struggling with the catastrophic bushfires, the ‘blacktivists’ were busy venting their hate on Wanjina Watchers Art page. This Attachment contains extracts from the comments posted over those 17 days.

However, all of the posted comments have been added to the comments made by the same type of Aborigines and Aboriginal ‘activists’ against the same group of non-Aboriginal Australians, on the ABC Facebook page in February 2019<sup>3</sup>. They are now included in “The Truth about Australian Aborigines – In Their Own Words” art installation.

**The art installation is set to tour Europe, as a matter of public interest, within our Aboriginal Violence Awareness Raising long-term initiative. Visitors coming to Australia need to know what type of behaviour they can expect from our “sacred first people”.**

**Australian public and our Government also need to know, to become aware of what their ideologically-driven policy has produced, and what kind of people they decided to empower – they’ll be able to view it via cyberspace, as in reality it would be just too dangerous.**

Excerpts include comments from the general public, followed by comments posted by repeat abusers Racquel Kerr (Racquel Buis-Kerr), Maia Letitia Cole, and De Nia Styla, as well as of Michael Conolly, who is one of many 'blacktivists' who are inciting violence on their Facebook pages, sharing Wanjina Watchers Art posts with their own hate-filled comments, and instructing their groups on methods of harassment. Such pages show how Aboriginal groups operate, and how just a piece of malicious gossip or any false claim can send them into a frenzy.

[Dallas Hammond](#) Marty Phillip Hoare women ain't allowed to play the didgeridoo ya hard hearing cunt!

[Jordan Dakin-mimi](#) It's our culture don't you have any respect for that. A rule that was put into effect thousands of years ago you can't just change that because it's the 21st century **dickhead**

[Shannon Ford](#) Marty Phillip Hoare doesn't matter wot century this is, women shouldn't play the didgeridoo simple as that its part of their culture don't knock them for believing in their cultures n the dream time... I'm sure u have certain traditions n I'm sure ur mail order gook bride have traditions also...

Have that respect mate n grow the hell up.. Ur comments r rude n uncalled for n ur just an idiot that needs to wake up to himself

[Raylene Anderson Love](#) Marty Phillip Hoare hey I believe in my culture thanks. Aboriginal women are not allowed to play the didgeridoo. Its our law.

[Raylene Anderson Love](#) Unless you want somethink bad to happen to ya.

[Wanjina Watchers Art](#) Raylene Anderson Love Thank you for your comment. But please keep in mind that Aboriginal lore or any tribal rules apply only to Aboriginal people and/or to particular tribes. Vesna is not an Aboriginal woman, so Aboriginal rules do not apply to her. The same goes for Vesna's artists, as well as for all non-Aboriginal people. Aboriginal lore does not apply to them.

[Michael Dalton](#) Marty Phillip Hoare look at this fucking Muppet

[Christine French](#) [Wanjina Watchers Art](#) 'Aboriginal rules do not apply to her'. How about RESPECT the culture and lore.

[Shannon Ford](#) Marty Phillip Hoare do u keep ur mail order gook bride locked up too... I bet u do

[Michael Dalton](#) ☐ look at the dopey slut playing the didge don't she know in our lore women ain't supposed to play it

[Pedro R Nawia](#) This Hippy needs Cultural Awareness

[Sharon Clark](#) She should not be playing that didgeridoo either should she?

[Marty Phillip Hoare](#) Sharon Clark and why not pray tell?

[Sammie Clark](#) [Sharon Clark](#) it's a fertility thing in there culture. That's why the men are the only ones to play

[Sharon Clark](#) Marty Phillip Hoare depending on there country and laws in Australia For there region it is a mans spiritual tool for music and by some aboriginal law women are not aloud to play

[Wanjina Watchers Art](#) Sharon Clark Regional tribal rules and Aboriginal lore apply only to Aborigines. It does not apply to any non-indigenous person.

[Marty Phillip Hoare](#) Thanks Sharon Clark so it really only depends on a particular area and not across the entire nation?

[Amira Thompson](#) Leeanne Evans we've all come together as one people. you would have noticed that 'nobody' wishes to live a hunter gatherer life today....SO perhaps you shouldn't be using a computer and you shouldn't have been educated. NO....we all share everything in this country so she is as entitled as anyone else to play the didgeridoo. You should be happy about that.

[Marty Phillip Hoare](#) Well said [Amira Thompson](#)

[Luke Masters](#) Why the fuck you touching a Didgeridoo for ya disrespectful cow

[Daniel Armour](#) So disrespectful, you're a grub.

[Emma Quinn](#) Hope you get sick bitch ☐☐

[Elizabeth Cowan](#) Marty Phillip Hoare yes the amazing sounds of a didgeridoo should be shared .... in a culturally respectful manner as per Aboriginal lore not by a woman playing it

[Wanjina Watchers Art](#) Elizabeth Cowan Aboriginal lore applies only to Aboriginal people. We are not Aborigines, so it doesn't apply to us.

[Kimberly Roots](#) so so wrong on so many levels, this page should be shut down

[Amira Thompson](#) are you saying your computer should be shut down?

[Kristian Iversen](#) And as for the cunt in the picture, using aboriginal lore, pull your fucking head in. You say aboriginal law doesn't concern you. Yet here you are, making money out of it. Shame on you.

[Sheridan Jaffrey](#) As for the girl who is playing the instrument. Good on ya because bad luck has already headed your way clearly. ☐

[Jennifer Niebour Pott](#) Yes who wants to mess with the Feather foot man, haha? I'm Arrernte and it is us my ancestors who used to, still use the didgeridoo. I think she is playing with fire, very dangerous.

[Amira Thompson](#) I'm sure you realize that in Aboriginal times when a girl tried to run away from a man who owned her then she got her ankles broken. Also when a woman didn't find food in the bush she got her skull cracked with a stone axe. You enjoy our European based society...I'm sure.

[Sheridan Jaffrey](#) Amira Thompson I don't see how your topic is relevant to an instrument? Aboriginal times? Please clarify....

[Amira Thompson](#) Sheridan Jaffrey well then 'why' are you using a computer. I'm sure you appreciate your European based society..don't you? bit different to being a hunter gatherer. Instruments are to be used by whoever wishes to use them. It's not about disrespect when you use instruments that were made by Europeans...we've all grown up ....except for a lonely few.

[Lindell White](#) Amira Thompson ur a piece of filth

[Elizabeth Cowan](#) Wanijina Watchers Art .... you say you're an Arts and Humanities website but you do not display humanity in culture respect to Aboriginal lore

[Amira Thompson](#) you don't want to live a hunter gatherer life so what's this about respecting Aboriginal lore ☐☐☐ You even look like you respect your European based society...you are wearing clothes.

[Elizabeth Cowan](#) Amira Thompson yes I am wearing clothing I do not live historical and I have that right are you suggesting that I need to be naked to respect and believe in my people's lore .... you and your fake people really have issues

[Amira Thompson](#) those who were lucky enough to go to high school do respect their European based society....better than being a hunter gatherer.

[Robert Mundy](#) Amira Thompson yeah exactly people like you! ignorant fucker to even think like that you must seriously be fucked in the head...

[Kristina F Blomstrand](#) Marty Phillip Hoare are you serious? This woman is disrespectful towards aboriginal culture she is the one who should be ashamed.

Wow, you're a real bright spark.

[Heremaia Tarau](#) You need a bullet too.

[Lindell White](#) What a scumbag. She makes a lot of fake claims. No credibility just delusions of grandeur. She talks about artistic appropriation, then goes right ahead appropriating aboriginal art styles and trying to make money out of them. She insane

[Claudia-Rose Engelbrecht-Walker](#) Bug Buddo in your mouth!

[Claudia-Rose Engelbrecht-Walker](#) Be careful what you wish for cause you just might get it ! Haha  
□ □

[Burgess Sarra](#) Marty Phillip Hoare You need to read a book / Google or go see elders or a Aboriginal community group .

This is insulting to our culture and your continual it's just a stick or block of wood comments show how uneducated you are on this subject .

It is disrespectful , Women unless permitted by elders and even then rare are not do play the didgeridoo their are many cultural rules you obviously have nil idea about and omens on this subject .

[Ben Edwards](#) Burgess Sarra That does not apply to white people who do not believe, and do not follow those beliefs though. Cultural rules only apply to people who follow that culture. It's a bit like Catholics eating fish on Fridays. It's important to them, but irrelevant to non-Catholics. Jews and Muslims not eating pork. People of other beliefs love it. So there you go. Each to their own.

[Amira Thompson](#) Civilized societies lived in this country 4+ thousand years ago. It's VERY important for everyone to Google "Awareness Quest Research" to see details of some ancient artefacts that have been found in this country. It's well known that Egyptians, Greeks and Chinese had maps from ancient times showing our country on their maps. Ancient Chinese maps show all the Australian river systems.

Those early people in this country had iron and steel, but the hunter gatherers didn't have iron and steel. they were using stone age technology when the British arrived on our shores.

Anyone interested in our ancient civilizations need to Google "hieroglyphs found in Australia". Very interesting.

[Lindell White](#) Amira Thompson thats does not give someone licence to do what this fool is doing. It does not mean that the last known culture doesn't deserve any respect.

None of the other researchers in that field behave like this wicked fool vesna

[Lindell White](#) Ur use of the civilisation card is shocking

[Lindell White](#) Amira Thompson there are much more interesting and respectful researchers in this field. She is pure scum

[Amira Thompson](#) Lindell White google 'awareness quest research' and learn some more.

[Lindell White](#) Amira Thompson Quite frankly...ur a right dumb cunt

**Rādhikā Arti Vita** Amira Thompson you need to get your literal head out of your arse and stop squatting on stolen land

**Ben Edwards** Rādhikā Arti Vita Says a non-Australian. Yeah, right. So you're different are you?

**Ben Edwards** Amira Thompson Ahh Amira. You touched a nerve. The savages are rising. Out come the threats and filthy language. Anger is the last genetic trait to leave some people. And one of the first traits to be shown. Interesting.

**Amira Thompson** Ben Edwards not one of them wishes to live an Aboriginal life as hunter gatherer. When the British settled here Aboriginal people hadn't developed on from stone age technology. One would imagine that Euro-Abo people would be very appreciative of their now modern society. It's only a kind of savagery that stops them from being proud of what the British have given them. There's lots to learn about very civilized societies that lived on this land many thousands of years ago. Iron artefacts over 2,000 years old have been found here. Those societies had iron and steel whereas Aboriginal people didn't. they only used stone. Tribes fought each other continually so there was no overall Aboriginal culture. Many part Aboriginal people cry about 'respecting their culture'....well not one of them wishes to live a hunter gatherer life SO respecting our Aussie culture is more to the point.

**Heremaia Tarau** You cunts don't realise how racist you're actually being. ☐☐

**Damien Wilson-Holt Narul** she's not black if she was she wouldn't be doing this

**Lala Waldock Serafina Waters** grotti cunt ☐

**Ricky Raider Duncan** Dopey cunt

**Des Carr** Why is she playing a didge  
Take that from your mouth and put something that's else in your mouth like a BBC.....

**Eli Baynton-Bone** What a dumb dog

**Alkira Maree** Amira Thompson Why dont you go back to where you came from the MIDDLE EAST and educate yourself on your cultures past and what still goes on today! Fight your own cultural wars instead of trying to defame Indigenous culture.

**Alkira Maree** As for Marty Phillip Hoare and "Vesna" you're pure evil ☐ You arent praying, speaking to God or spirits! That's the DEVIL coming out ☐

**Dodge Hedlam** Can someone please take her to court or report her to A Current Affair already!!!

But my research is public, my art is public, and I am not going to hide it just to please a few violent ones. [Colette Perry](#) Marty Phillip Hoare Yes and it’s excellent.

[Wanjina Watchers Art](#) Colette Perry Our art is our copyright. Stone Age art is in the public domain. Including the art created by pre-Aboriginal races. Would be nice if the violent ones could comprehend that.

[Michael Dunkley](#) Your a dumb filthy slut stop touching the digde you fuckwit that's how you can help indiginous

[Ben Edwards](#) Michael Dunkley Why would anybody want to help Aborigines, and why would they want help? Can't they do things for themselves?

[Wanjina Watchers Art](#) Ben Edwards Yes, helping them doesn't seem to have been such a good idea as we all believed. Our generosity and compassion knew no bounds... to the extent that now about 60% of our continent is "Aboriginal land" to which we have no access, and to the tune of 35 billion dollars of taxpayer's money every year, plus countless billions the tribes get in royalties from the mining companies. And there is only about 40,000 of real Aborigines left, and about 400,000 of white people who masquerade as Aborigines. And yet, we've never heard a word of gratitude. We mostly hear just insults as evidenced by detractors' comments on this page. Our goodwill seems to have been grossly misplaced.

[Rod Morrison](#) Good on you for embracing the didgeridoo in this multicultural inclusive society we live in

[Rhondajean Towney](#) Rod Morrison go fuck yourself

[Rod Morrison](#) I can't believe aboriginal slave owners and traders who held multiple child wives and killed the ones they didn't want freak out about some one embracing a good part of the Stone Age culture

[Rod Morrison](#) Rhondajean if you read Bruce Pascoe then your aware of Sturt, Mitchell and others ! A smart person would go read the original reference material cited to be truly informed. Only a sheep would except Pascoe's claims blindly.

Are you seriously telling me Aborigines did not trade women for goods, have multiple wives, share wives, beat, kill wives or pack rape them for lore breach's, invade other aborigines country steal their women, wipe out other entire tribes and take their land, conduct cannibalism both ritual and to survive, keep slaves.

Do you believe aborigines did not use stone tools and forged metal tools.

[Wanjina Watchers Art](#) Rod Morrison True. Those are all historical facts, as recorded by most of the past researchers, from George Grey to Daisy Bates.

[Savannah Passmore](#) Who the hell do u think u are

[Mary Browne](#) Disgusting indigenous cultural misappropriation.

[Shannon Petty](#) PV Willy Munro are you afraid that women will make you look even more pathetic than you already appear to be? How primitive of you.

[Shannon Petty](#) Corey Saylor-Brunskill disregard of customs? Like how you indigenous men beat and sexually assault your partners at a rate so high it is almost the worlds worst? You are delusional.

[Dodge Hedlam](#) [Wanjina Watchers Art](#) For real though. You should get a mental health check. Or can someone refer her to a mental health clinic. Im not even joking. Or a priest ... She must be getting sung already ☐☐

[Yidikha Honeysett](#) Marty Phillip Hoare you ain't indigenes so why would you try to fit in with our culture when you have no connection to the land when infact your a tourist to us

[Rod Morrison](#) These mixed race agitators are forever on the victim bandwagon.

This type of instrument in some form has been used by many accident cultures and appears to be recent in Australia, perhaps when the contemporary aboriginals migrated and colonised taking over the country from previous groups.

Description: The didgeridoo is a wind instrument. The didgeridoo was developed by indigenous peoples of northern Australia, likely within the last 1,500 years and is now in use around the world. It is a wooden trumpet "drone pipe" classified by musicologists as a brass aerophone. Wikipedia

[Anthony Phillips](#) Rod Morrison which previous groups would that be, the ones that not one scientific authority recognise?

But plenty of red necks trumpet it in an attempt to somehow justify their ancestors murderous crimes.

[PJ Cowdy](#) I think if aboriginal men would focus on correcting their horrendous behaviour towards women, rather than abuse women for playing the dig, they'd probably find the world would actually respect them.

[Anthony Phillips](#) PJ Cowdy how many women were killed this year due to domestic violence? How many offenders were Aboriginal men?

[Feonah Rose](#) PJ Cowdy let's also look at dv stats in the white community then, what a ridiculously glib and uninformed comment to make, the issue is one of respect, again absent from your uninformed contribution

[PJ Cowdy](#) Anthony Phillips Whats the percentage of Aboriginal men, who beat and sexually abuse women and children, compared to the rest? It's completely degenerate behaviour

[PJ Cowdy](#) Feonah Rose Go for it. The stats per capita show that it's a massive problem for Aboriginal communities

[Daniel Armour](#) PJ Cowdy any links or facts to go with your dribble?

[PJ Cowdy](#) Straight from the government. Aboriginal women experience 2 x the number of deaths, 7 x the number of domestic violence, and 32 x the amount of hospitalisations as the rest of the country. Wow... Aboriginal men sure know how to treat their women.

[Courtney Mary](#) PJ Cowdy there is a bigger problem with white trash dole bludging woman bashing unemployed breeders in this country, than the 13% of the population who are indigenous.

[PJ Cowdy](#) Courtney Mary Oh of course. Let's ignore the horrendous treatment of Aboriginal women by Aboriginal men.. you're a degenerate

[PJ Cowdy](#) Courtney Mary And comments like yours are why the disproportionate domestic violence against aboriginal women by aboriginal men, will continue. Hide your head in the sand without understanding the problem

[PJ Cowdy](#) It's really sad watching the stupidity of the comments here. People who are not intelligent enough to understand to treatment of aboriginal women is a huge problem. The ability to read statistics of government websites and relate them to the degenerate behaviour of aboriginal males, is lacking immensely.

[PJ Cowdy](#) If you don't understand that this is a bigger problem than in the rest of the country, you're brain is fried.

If you can't understand this, you shouldn't be commenting and embarrassing yourself.

[Haze Blak](#) Given that over half your responses are angry with your post, and a high number of them are Aboriginal, there appears to be a clear message that your post is culturally offensive and distressing to Aboriginal Australians. Marty Phillip Hoare Tèa Collins if you are a fan of the didge you'll love listening to this.

McCarthy A Samuel Marty Phillip Hoare fuck up you dog... Trust a white man to mail order a bride overseas bet you fuck all the little kids there to

McCarthy A Samuel Marty Phillip Hoare I seen your misso in the street meat section on pornhub

Ian-Eban Priestly Nothing but parasites on this sacred land!!

Carol Khan Rod Morrison where are your sources and don't imagine yourself to be 'of pure race', there is no such thing. Oh of course unless we cite the Klu Klux Klan, which you are obviously a member of.

Rod Morrison Lol nothing pure about my bloodline.

My reference: Haddon who's work is recorded as primary evidence tabled by Mabo's Defence team in his High Court argument on Land Rights.

I suggest to do your own research as clearly your not going to except mine !

Races of Man is a good start.

McCarthy A Samuel Marty Phillip Hoare cheap street meat

Tèa Collins Go buy another wife mate

McCarthy A Samuel Marty Phillip Hoare had to order a feeble minded 3rd world piece of shit mail order bride.. cause ya old breakin away hey mate

McCarthy A Samuel Marty Phillip Hoare did you have to smuggle her over in a box through the jungle

Vanessa Brown Marty Phillip Hoare she will get what's coming to her, real bad. Shop Shut.

Rod Morrison "Go by another wife mate"

Funny coming from people claiming to be from a culture that practiced multiple wives, child brides to elders, wife swapping and pack rape. Stole women from other mobs, stole white women and held as slaves, traded women for goods or sent their women to have sex with visitors in return for food and tobacco.

Such moral high ground.

McCarthy A Samuel Rod Morrison sounds like the guy of kind to order a wife

McCarthy A Samuel Big ol tough Bikie.. don't start shit with him

Tèa Collins McCarthy A Samuel oh yeah probably shouldn't he might take me for a boot ride

McCarthy A Samuel Tèa Collins yeah might smoke meth and Rob ya..fuckin bikies

[Dymphna Smith](#) HERESY

[TeHamua Nikora](#) Let me get this straight....

You don't care that you have no right to play that sacred instrument and you don't also don't care that the people whose culture it is have told you so?

Is that about right?

[Marty Phillip Hoare](#) TeHamua Nikora you're a bit wrong there.

I don't play the didge. Although I've tried I found it incredibly difficult.

Are you against equality of the sexes?

[Tèa Collins](#) No she just has respect and knows that what your doing is wrong ☐

[McCarthy A Samuel](#) Marty Phillip Hoare don't talk about equal cunt you smuggled your woman over in a box

[Valerie Evans](#) Marty Phillip Hoare It is just so wrong seeing a female playing the didge, equality has nothing to do with respect

[Courtney Mary](#) Marty Phillip Hoare are you a bigot who disrespect the culture and traditions of others? Yes!

[Tony Tee](#) TeHamua Nikora Respecting anothers culture doesn't bound you to follow that culture..

[Courtney Mary](#) Tony Tee sounds about white.....

[Marty Phillip Hoare](#) Valerie Evans you say you respect women but don't support equality of the sexes??

How does the work exactly?

[Marty Phillip Hoare](#) Courtney Mary your hypocrisy is at fever pitch. You're screaming at me because women play a wind instrument. What happened to equality of the sexes, or maybe you're one of those who think women should stay in the kitchen. Very odd.

[Tony Tee](#) Courtney Mary a proud white man of Irish and English clan heritage...

[McCarthy A Samuel](#) Marty Phillip Hoare you smuggled your wife over in a box

[Jimmy Russell](#) Alice Whitby so what is a female only instrument? Culture is bullshit.

[Wanjina Watchers Art](#) [Marty Phillip Hoare](#) And their silly accusations of "racism" go to show how this reverse-racism - Aboriginal hate for non-Aboriginal Aussies - has poisoned our country.

[Marty Phillip Hoare](#) [Wanjina Watchers Art](#) banning and reporting.

[Ed Swanzey](#) - - - PLEASE WAKE UP, FOLKS - - -

.....For some reason, people seem to think of the "didgeridoo" as an Australian aboriginal invention. It is NOT! Log "horns" have been around for thousands of years, and have evolved into serious musical instruments, many places in the world, where they are still played on a daily basis! There are even concerti written for them. And are they primitive? Not at all! Depending on the the design of their area, they can be brave-sounding, soulful, very melodic, and powerful, a delight to listen to. And are

there sex-related playing restrictions (stupid taboos)? Only in certain tribes in Australia, and this seems to be debatable.

.....Log horns are of great value, because of their ability to be heard over long distances, and frequently were (are) used for signaling. Their very low frequency makes them audible for long distances. Use of these instruments is found on nearly every continent, and they are the basis of modern band and orchestra horns.

.....Please note that I am a classically trained musician, performing on several instruments. Further, I believe true knowledge of history is important to modern living, and false history is, in my opinion, criminal.

Here is an example of log horn playing. These horns are usually called Alphorns, because this style is used in the European Alps:

Bavarian Music with Alphorns

[Amira Thompson](#) Thankyou so much for that comment. Yes I kinda knew it's existed everywhere, but ignorant people like part Aborigines always want to 'claim anything' just for the sake of bashing our modern society. Amazing that those ignorant people DON'T want to live a hunter gatherer life anymore....□□□□□□

[Michael Dalton](#) Ed Swanzezy you dumb fuck um where the oldest culture in the world

[De Nia Styla](#) Amira Thompson YOUR JUST ABOUT PROFIT,SO DON'T TALK LIKE YOUR SOME ANGEL. AS FOR HORN BLOWING & A DIDGIRIDOO ,THEY ARE TWO DIFFERENT THINGS. GO DO YOUR RESEARCH BETTER. THEY MAY BE SIMILAR BUT SO IS A CHICKEN & ROOSTER BUT THEY ARE STILL ARE NOT YHE SAME.

[De Nia Styla](#) Ed Swanzezy Amira Thompson YOUR JUST ABOUT PROFIT,SO DON'T TALK LIKE YOUR SOME ANGEL. AS FOR HORN BLOWING & A DIDGIRIDOO ,THEY ARE TWO DIFFERENT THINGS. GO DO YOUR RESEARCH BETTER. THEY MAY BE SIMILAR BUT SO IS A CHICKEN & ROOSTER BUT THEY ARE STILL ARE NOT YHE SAME.

[Ed Swanzezy](#) De Nia Styla You are wrong, but that's normal for people of your low education and intelligence. Didgeridoo and the other log-horn playing is basically the same. Didgeridoo playing is just not nearly as evolved as the other instruments. In a word, "primitive". It still hasn't achieved harmonic recognition. The horn playing of the Taiwanese natives is much more sophisticated, as is that of the Central and South American natives. Go get some schooling. - - -

[Wanjina Watchers Art](#) [Ed Swanzezy](#) [Amira Thompson](#) As you can see, this type of people doesn't respond well to any reasonable and intelligent explanation. All they want is to keep venting their anger and hate.

[Candy Anderson](#) [Wanjina Watchers Art](#) as I said before, you are not leading and living in light and love. You are out of your depth and a racist person at heart. I am a young Aboriginal woman who has almost completed a law degree. I have just returned from the Kimberley after sitting down with my family for ceremony. My old people are wise, forgiving and not angry or hateful in the way you describe it. That is you and you are projecting your lies and deceit because you have nothing else. You are shameless and lacking in honesty and integrity. So very sad

[Natalie Cji](#) [Wanjina Watchers Art](#) google let me know what type of person you are, dont need to make assumptions on the type of person you are cause the same stuff has been said to you over 10 years ago

[De Nia Styla](#) Ed Swanzey I been uni , I got a degree & studied the indigenous culture & history as well as many other Cultures. As for your typical go google it Answer. Go google some RESPECT will your at it. ONCE AGAIN DUM ASS A ORANGE & MANDARIN ARE SIMILAR BUT STILL NOT THE SAME. AS YOU EVEN SAID THE WORD SIMILAR. THAT WAS MY POINT THEY ARE NOT THE SAME. SO YOU NEED TO READ BETTER RATHER THAN JUST JUMPING INTO A COME BACK. YOU GET REBOUNDS LIKE THAT.

[De Nia Styla](#) Amira Thompson MARTY STOP MAKING FAKE PROFILE WHILE CALLING OTHERS FAKE LOLLLLL

[De Nia Styla](#) [Michael Dalton](#) they are using this post to try to prove in a potion by the sounds of it that indigenouse people use violence to express anger. This is rich coming from white people but I recommend we don't bite the poison Apple. [Wanjina Watchers Art](#) [Nic CC](#) It's much more informative to read the vile comments on the "our" taxpayer-funded ABC's Facebook page. ABC, as usual, tried to incite Aboriginal hate, and they are very good at it. It goes to show, again and again, that one they start their attacks and abuse, they simply cannot stop. Japanese artist Yayoi Kusama is also mentioned – she was established artist before white teacher Geoffrey Bardon went to Papunya in 1971 and taught the Aboriginal children to paint with dots. During her exhibition in Australia she was attacked for using "sacred dots" without Aboriginal "permission". She ignored them. As we all should.

[Ed Swanzey](#) I see a real problem here - with the "Native" people; They are demanding "respect", and don't even know what the word means!!!  
.....I have worked with "Native People" all around the world, many of them gained my respect by working hard to improve, not only their own society, but the society that chance threw them into. I see so many Australian natives mouthing off about how badly they're treated, and not even taking one step to improve themselves or society. For your group of people I have zero respect!!! There are many of us out here, not Australians, who are affected by your stupidity, because they deny us of our rights to honest research, and to the benefits (to everyone - including YOU) to be gained by that research and artistic expression. I don't have a great deal of hope for you, unless you change your views on life. The ones you have are worthless!!!

[Debra Fernando](#) [Wanjina Watchers Art](#) what a joke

[Marty Phillip Hoare](#) Debra Fernando so why are you on this page commenting such nonsense sweetie?

[Wendy Berick](#) Marty Phillip Hoare one second out of my life dhelkunya murrupuk from what you i can see you don't have a life you on here 24 7

Poor thing poor thing don't don't don't have a real life such a poor thing drp that bitten lip poor poor thing

[Racquel Kerr](#)

[Tash Kalina Carter](#)

[Cassie Leatham Fisher](#)

[Marty Phillip Hoare](#) Wendy Berick that's actually quite comical. As I'm typing this comment I'm sitting in my balcony having a smoke. I've just finished peeling some lovely big prawns (don't worry, I didn't take them from YOUR waters). I've made a lovely cheese and garlic sauce and am about to pop them in the oven. On top of that I'm helping my little one with her homework. And today, well I've actually been quite busy doing work stuff, having a bit of a tidy up around the house and

preparing a few lessons for my students. After dinner I'll do the dishes. Tidy up the kitchen. Make sure the homework is all done. Maybe then, I'll sit down and watch a bit of TV. Now, tell us about your day! Was it busy down there at Centrelink?

[Debra Fernando](#) Marty Phillip Hoare Being a "real First Nations Woman" this page was brought to my attention. I now see the absolute crap this page is I believe it needs to be shut down. Every time you say sweetie I feel like I need to throw up. **You remind me of those creepy old white men looking to rape one of our children, young girls.**

[Christelle BC](#) Debra Fernando i have confirmation that he is a sex offender

[Debra Fernando](#) This whole page reeks of abuse a lot of very sick people run and support this page

[Tania Hunter-Haines](#) [Mon Krypto Munoz](#) Sickening isn't it ☐

[Burgess Sarra](#) Why has this page not been shut down ? It's nothing bar black hate and racist . My children are Aboriginal and no miss vesna they are not as you state [#black](#) .

They are quite tanned .

Who are you do seem yourself the colour police ?

Your one rude insulting uneducated woman .

Also note your business practises are unethical , and you have done nil bar slander your own reputation .

**What tourist wants to buy fake #black art made by a white girl and flogged off with dishonesty , tarnished by a immature racist woman's hands .**

**Bet you don't state the artist is you not a actual indigenous Australian . And as for the dig go for it keep playing it yet be prepared to suffer the consequences as someone whom claims to be oh so spiritual surely you know the karma and bad negative vibes that will come your way . Don't say that hundreds on here haven't warned you just a arrogant , entitled rude racist woman .**

[John Citizen](#) [Wanjina Watchers Art](#) it means karma is a bitch, just trying to figure out who's a bigger biatch at the moment

[Wanjina Watchers Art](#) Marty Phillip Hoare Look who is talking about privileges and misappropriation - a bunch of over-privileged, over-funded, and over-empowered people, who keep misappropriating everything that we have so generously been giving them. The mind boggles.

[Linda Geale](#) [Wanjina Watchers Art](#), I really can't comprehend how racist you are. How do you survive. Were you a Nazi in a former life?

[Chelsea Knight](#) [Wanjina Watchers Art](#) overfunded? How so? Any proof for your wild claims or are we to take your word as gospel?

[Cory Morris Green](#) [Wanjina Watchers Art](#) what have you so generously given Aboriginal people. Nothing. You are a pathetic culture vulture. You do nothing but steal from people to profit yourself. That's your real culture.

[Marty Phillip Hoare](#) A message worth reading.

It's the end of the year and it's time to reflect. Throughout the year (like other years) we hear that Aboriginal people are victims of endless racism. Of course, whenever such claims are made, no

examples of alleged racism are given, or if any examples are given, they often require an Olympic gold medal standard of mental gymnastics to see any racism. Racism against some Aboriginal people exists for sure, but not in the quantities blactivsits would have you believe. It is not systemic.

Now if you know of a shop that refuses to serve Aboriginal people because they are Aboriginal, now's your chance to expose them. If you know of an organisation/business that refuses to hire Aboriginal people because they are Aboriginal, now's your chance to expose them. If you know of a school where the teachers or student mistreat Aboriginal students, now is your chance to expose them.

For those who insist that racism is the big culprit holding Aboriginal people back, you are part of the problem.

[Tony Dillon](#)

[Maarama Kamira](#) Marty Phillip Hoare And who the fuck is Tony Dillon? Oh wait...yes...a black fella who hates himself and his people

[Warren Ngarrae Foster](#) Marty Phillip Hoare go back to Whatever rock you crawled from under you poor pathetic excuse for a human being your lower then a earth worm  
YOU PROBABLY GO TO ASIA TO MOLEST THE LITTLE KIDS OVER THERE YOU LOOK LIKE A FUCKING PEDO WITH YOUR MAIL ORDER BRIDE SO SHUT THE FUCK UP WITH YOUR STUPIDITY YOU SICK PATHETIC RACIST FUCKER, YOUR A TROLL MATE, TRYING TO BE A GOOD CITIZEN BUT YOUR A POXY RACIST PERSON AND YOU KNOW IT SAME AS ALL THE FUCKING RACIST ON HERE TALKING SHIT ABOUT OUR RACE.... IT ALWAYS WAS AND ALWAYS WILL BE ABORIGINAL LAND .....

[Vesna Tenodi](#) [Marty Phillip Hoare](#) Thank you so much, for this important message, from one of the greatest Australian minds. It's time to reflect indeed ☐☐☐

[Marty Phillip Hoare](#) Maarama Kamira wrong again you hate filled bitter and twisted person. Tony is actually a well respected academic of note. I'm guessing you're another one of the victim brigade he mentions in his article.

[Marty Phillip Hoare](#) [Vesna Tenodi](#) you're welcome. I thought it was quite appropriate for your page.

[Australians All at the Crossroads](#) Maarama Kamira feeling hurt?

[Kazan Brown](#) Marty Phillip Hoare lol well respect academic my arse the only people who listen to him are racist white people lol he only says it because he's desperate to be accepted by white society because he thinks it makes him special

[Deej Kirra](#) Maarama Kamira Dillon, Price and Mundine DO NOT speak for mob! They are toxic careerist coconuts who've all been shunned in their own communities due to their contributions to the ongoing oppression of our people. Don't stress bro! These people will get what's coming to them.

[Marty Phillip Hoare](#) Deej Kirra here comes more racist abuse from the fakers.

[Tony Dillon](#) Deej Kirra we've only been shunned by the victim brigade, you know, people like yourself who fail to find fault with our arguments (notice you provided no examples of faults here)

and need to hide behind insults like coconuts. While you make yourself look dumb you make us look good.

Your mob (the victim brigade) speak for themselves and the message is always the same "we are victims of colonisation" "we are oppressed" "sovereignty never ceded" "Australia Day celebrations wound us."

[Tony Dillon](#) If anyone thinks Deej Kirra and Maarama can substantiate their claims, I am taking bets now.

[John Citizen](#) Tony Dillon can I ask who your mob is?

[Natalie Kyle](#) No one respects Anthony Dillon the self hating half caste. He is delirious and twisted..maybe abused as a child... probably had the hate for Aboriginals beat into him..you'll have to try harder Marty.

[Tony Dillon](#) John Citizen if you mean my Aboriginal ancestry, that is Kombumerri.

[Tony Dillon](#) Kazan Brown we are still taking bets.

[Kazan Brown](#) [Tony Dillon](#) go away Anthony don't you have a family of a death in custody victim to Stalk online somewhere? Why am I not suprised you support this horrible women.

[Tony Dillon](#) Kazan Brown still losing, still sulking I see. People, I'm still taking bets if anyone wants to bet on Kazan or Maarama. And if ever I've stalked a family of a death in custody victim please provide some specific evidence. Is that another one of your lies?

[Tony Dillon](#) does anyone think Kazan Brown can support this claim: "the only people who listen to him are racist white people lol he only says it because he's desperate to be accepted by white society because he thinks it makes him special"? I'm taking bets now.

[John Citizen](#) Tony Dillon do you live on your traditional land?

[Kazan Brown](#) [Tony Dillon](#) told you before Anthony I have no interest in conversing with you. That hasn't changed. I don't need to lie I'm sure Ms Dhu's family will have plenty to say about your harrasment. I don't sulk you dick, and I certainly don't sit behind a screen and mouth off yet don't acutually do anything like you. Don't tag me I'm not interested in anything you have to say.

[Tony Dillon](#) Maarama Kamira, Deej, and Kazan you seemed to be drowning - something the victim brigade excel in.

[Tony Dillon](#) John Citizen irrelevant question. I live in Sydney. Like many of my Aboriginal family, we have moved around.

[Kazan Brown](#) [Tony Dillon](#) no I'm not drowning just better things to do then talk to a wanna be white man

[Tony Dillon](#) Kazan Brown "I have no interest in conversing with you." (translation, i have no answers).

"and I certainly don't sit behind a screen and mouth off " That's what you are doing now.

"Don't tag me I'm not interested in anything you have to say." Yet you join the conversation with "lol

well respect academic my arse the only people who listen to him are racist white people lol" Can you see how your lies make you like silly?

"will have plenty to say about your harrasment. " yet there are no examples of the alleged harassment to be found. I wonder why?

[Tony Dillon](#) Kazan Brown why do you think so many people like you and your mates struggle to find fault with anything I have done?

[Kazan Brown](#) [Tony Dillon](#) what part of not interested don't tag me do you not understand?

[Tony Dillon](#) Kazan Brown what part of "show some integrity" do you not understand?

[Tony Dillon](#) Kazan Brown " not interested" so why attack me and lie about me? It would seem you are very interested, at least up to the point where I embarrassed you.

[Kazan Brown](#) [Tony Dillon](#) don't forget Anthony there currently are complaints being investigated against you I am happy to support those complaints if you continue to tag me after I have asked you not to. I like many other Indigenous people have no interest in the shit that spills from your mouth. I'm not the one who lacks Integrity lol.

[Kazan Brown](#) [Tony Dillon](#) lol I'm not lying. You can deny all you want but many of us know the truth. Go crawl back under your rock and leave me alone. Embarrassed me?? Lol I think not.

[Marty Phillip Hoare](#) Warren Ngarrae Foster silly silly fellow.

[Marty Phillip Hoare](#) Kazan Brown you're actually sitting behind a screen mouthing off right now.

[Marty Phillip Hoare](#) Kazan Brown better things to do but you're here anyway. Wow.

[Tony Dillon](#) Kazan Brown "but many of us know the truth." but you just can't seem to give any examples to back up your claims.

"Embarrassed me?? Lol I think not." Well I would be very embarrassed if someone exposed me as a liar. I guess you must just be used to it by now.

" a wanna be white man" Is that your idea of evidence?

[Tony Dillon](#) Kazan Brown when you are being demolished online and have no answers, are you more likely to say "I am being demolished online and have no answers" or "Go crawl back under your rock and leave me alone"?

[Marty Phillip Hoare](#) [Tony](#) I must apologise. I didn't realise how vicious these people are. Would you like me to remove the post? These people are just atrocious individuals.

[Tony Dillon](#) Does anyone think that Kazan Brown can provide any evidence for her claims against me? If so, I'm taking bets now.

[Marty Phillip Hoare](#) [Tony Dillon](#) not a chance.

[Tony Dillon](#) [Marty Phillip Hoare](#) leave the post.

[Tony Dillon](#) [Marty Phillip Hoare](#) imagine if they were just as 'motivated' when discussing the serious problems facing the Aboriginal population. And you know what those problems are and you know what would happen if I was to mention them here.

[John Citizen](#) So interested to know what cultural education you've received?

[Marty Phillip Hoare](#) [Tony](#) you're 100% correct. I've made the same comment and got slammed for it. Unfortunately a female touching a didge seems to be more important to these people than REAL issues.

[Marty Phillip Hoare](#) John Citizen with the way you conduct yourself in a discussion I'm interested to know if you've had any education at all.

[Tony Dillon](#) [Marty Phillip Hoare](#) and do you think on 26 January anybody will be protesting against those REAL issues? I think we both know the answer. Another lady (Kerri-Anne) dared to mention this and got attacked by the usual suspects.

[Natalie Kyle](#) Marty who the hell you calling "these people"?!..what makes you think you have a say in Aboriginal issues in the first place?!. **Piss off!.**

[Tony Dillon](#) Natalie Kyle what makes you think you can say who has a say in Aboriginal issues in the first place?!. Aboriginal affairs is everyone's business. Your permission is not needed for people to express their views, offer opinions, or help them.

[Marty Phillip Hoare](#) [Tony Dillon](#) the anti-Australia day victim brigade will be out in full force from early next week. You can guarantee it. Now there's a bet I will take lol.

[Marty Phillip Hoare](#) Natalie Kyle "these people" on this page yelling abuse and hurling insults and because their intelligence is so low they have to use filthy disgusting language when doing so. These people, the ones throwing all the racist comments around while screaming about racism that doesn't exist. You know the ones. These people right here.

[Natalie Kyle](#) Not when it comes to constant trolling. And you might take a page outta your own book and stick to your self loathing somewhere were we don't have to see it. Tell you what?..why don't you two just pm each other and you can talk all the crap you want.

[John Citizen](#) Marty Phillip Hoare I'm taking things quite slowly because judging by the thread , the intelligence you and your mates possess is subpar what's needed to comprehend the conversation and the cultural sensitivity of the can of worms you've opened

[Marty Phillip Hoare](#) If you don't like what you see Natalie Kyle you could actually stop trolling and go off and PM with your buddies.

[Marty Phillip Hoare](#) John Citizen a can of worms, seriously? This thread is about a photo of a female looking to be holding and blowing in to a didge. You lot are up in arms over that? Wow. Sort of suggests the level of intelligence is quite low. Surely someone like you who professes to be so in tune with your culture would know that some mobs don't give a fat rats who plays the didge. Surely you've got more pressing issues to concern yourself with. Surely!

[Marty Phillip Hoare](#) Natalie Kyle no self loathing here sweetie. Love the skin you're in Nat, you'll feel better for it.

[Natalie Kyle](#) Nah Marty..do you think we Aboriginals would let you mob disrespect us?!. And no wonder, with people Anthony Dillon, one of the most hated and disrespected coconuts bar JP right up this page.. he's probably the lunatic running the whole damn page.

[Natalie Kyle](#) So now your confusing me Marty..why are you defending what I said to Anthony Dillon?..must the same person hey?..talk about twisted. Anthony get some mental health help..your alter egos are taking over.

[Tony Dillon](#) Natalie Kyle hated because I as the questions you don't like hearing. Hated because you struggle to find fault with any of my arguments.  
"Do you think we Aboriginals would let you mob disrespect us?!" The mob seem to be doing an excellent job of disrespecting themselves without anyone's help."

[Marty Phillip Hoare](#) In a discussion with men from Groote Eylandt, Numbulwar and Gunbalanya it was agreed that there was no explicit Dreaming Law that women should not play Didgeridoo, it was more that women did not know how to. From Yirrkala, there are reports that while both boys and girls as young children play with toy instruments, within a few years, girls stop playing the instrument in public. There are reports that women engage in preparation of Didgeridoos for sale to tourists also playing instruments to test their useability. Reports of women playing the Didgeridoo are especially common in the Kimberley and Gulf regions the Westerly and Easterly extremes of it's distribution in traditional music. The Didgeridoo has only begun to be played in these areas this century where it accompanies genres originally deriving from Arnhem Land (Bunggurl) or the Daly region (Wangga, Lirrga and Gunborrg).

[John Citizen](#) Marty Phillip Hoare i think you've done a mighty fine job of looking like an asshole

[Tony Dillon](#) John Citizen well if that's true then maybe you should provide some evidence? How do you think you look when making claims you can't substantiate?

[Marty Phillip Hoare](#) John Citizen you obviously haven't taken the time to read the entire thread.

[Wanjina Watchers Art](#) [Tony Dillon](#) [Marty Phillip Hoare](#) John Citizen was banned, and came back few minutes later as another fake profile, Ron Citizen. That profile was banned as well, but we see a number of thugs banned coming back with different names, repeating the same vulgar insults. Perhaps we should just let them yap, and deal with them when we come back from our break?

[Wanjina Watchers Art](#) Christelle BC is banned. For spamming and vulgarity. Whoever hides behind that fake profile is one of the most persistent offenders, posting the same vile insults over and over again.

[Nic CC](#) I'm sorry you have had to put up with this constant racism and insults, just because you enjoy doing art. Other white artists who do Japanese art or other styles don't have to endure such horrid abuse. Maybe white people aren't allowed to play the bongos anymore because it's cultural appropriation? Maybe we're not allowed to use chopsticks either? No doubt most of these part-aboriginal people abusing you culturally appropriated American Rap music and all of their lingo and street culture. Keep playing and keep doing whatever artwork makes you happy.

[Wanjina Watchers Art](#) Nic CC Thank you for your lovely comment ☐ You are so right. Japanese culture is sophisticated, Japanese people are courteous and noble - so you can only imagine how Yayoi Kusama felt when she had an exhibition in Australia a few years ago, and some Aborigines threatened to kill her, for using "sacred dots" without their "permission".

[Wanjina Watchers Art](#) Nic CC Also, other indigenous people are lovely, and able to appreciate European-based culture. There is more than seven million descendants of Maya living in Mezoamerica, when we use the motifs from their folklore they say "thank you". There are more than two million descendants of the Aztec living in Mexico, when we use their symbols they are delighted. It's only Australian Aborigines that make such silly claims and become aggressive and violent as evidenced on this thread. We are still trying to figure out why they hate us so much. Some say it's greed and land-claims, some say they have become over-privileged, over-financed, over-empowered thugs, who simply don't know how to stop.

[Wanjina Watchers Art](#) Nic CC And many thanks for encouragement, we'll certainly keep creating great art referenced to Australian prehistory, and playing didgeridoo that we love so much. We feel it is our duty to protect non-indigenous artists who have been terrorised and abused for decades. Enough is enough.

[Wanjina Watchers Art](#) Nic CC Happy, happy 2020 ☐☐☐

[Nic CC](#) If we want to have a real conversation, we must enter the same space, adjusting ourselves to match the other. We create that neutral space through mutual imitation. If she is walking a mile in first nations peoples shoes, living their art - this is a good thing?

[Nic CC](#) Why would you want to limit this woman (non-indigenous) deny her from deeply imaging each other, to say a white person should not do a black persons art, you are forbidding this person from conjecturing themselves into the landscape of the other person, to try and live out their experience to the best of their imaginative ability, maybe one that can be communicated with other people?

[Nic CC](#) The irony here is that people are angry at Vesna for "theft" of culture, yet 36.8% of all persons held in Australian prisons for burglary offences in 2016 were Indigenous. She's not even taking anything physical, and instead is learning from aboriginal art and interpreting it in her own way, not even copying it.

Natalie Cji Nic CC you should read this article

•  
abc.net.au

['Create your own Wandjina' workshops anger Kimberley artists](#)

[Wanjina Watchers Art](#) [Nic CC](#) It's much more informative to read the vile comments on the "our" taxpayer-funded ABC's Facebook page. ABC, as usual, tried to incite Aboriginal hate, and they are very good at it. It goes to show, again and again, that one they start their attacks and abuse, they simply cannot stop. Japanese artist Yayoi Kusama is also mentioned – she was established artist

before white teacher Geoffrey Bardon went to Papunya in 1971 and taught the Aboriginal children to paint with dots. During her exhibition in Australia she was attacked for using "sacred dots" without Aboriginal "permission". She ignored them. As we all should.

Just go home and do something useful with your lives. Blame it on me, and just move on. Oh, look, I am "stealing" again – this great song from my Hispanic friends... But since they are civilised people, I am sure they'll appreciate it.

Katie Louise Leslie Hope you get bad karma for messing with culturally significant stuff...stuff you have no idea about because if you did you'd have respect for it..

Ed Swanzey I see a real problem here - with the "Native" people; They are demanding "respect", and don't even know what the word means!!!

.....I have worked with "Native People" all around the world, many of them gained my respect by working hard to improve, not only their own society, but the society that chance threw them into. I see so many Australian natives mouthing off about how badly they're treated, and not even taking one step to improve themselves or society. For your group of people I have zero respect!!! There are many of us out here, not Australians, who are affected by your stupidity, because they deny us of our rights to honest research, and to the benefits (to everyone - including YOU) to be gained by that research and artistic expression. I don't have a great deal of hope for you, unless you change your views on life. The ones you have are worthless!!!

Amira Thompson Katie Louise Leslie you need to have respect for your European side of yourself silly

**Racquel Kerr** is employed by Parks Victoria. She posted the contact details of what she believed was his employer, inviting others to harass him, spamming the same post under different comments/replies especially to those who seem to be equally eager abusers. She started mocking our protected motto Love and Light™ and laughing at the warning that she'll be reported to the authorities. Like many Aborigines, she obviously believes to be above the law, since they have "everyone in their pocket" as they often gloat.

Divulging personal details is contrary to public servants code of conduct.

Kerr's friends kept posting charming thoughts like these:

[Yidikha Honeysett](#) Oii your the dumbest cunt aye

[Nora Young](#) Are you fucked in the head? What do you know about the Aboriginal culture? Clearly nothing! In our culture women do not play the didgeridoo! You say Aboriginal people have hardened hearts, where is this coming from? Do you actually know any Aboriginal people personally? You're the one with the hardened heart because you preach hate towards Aboriginal people.

[Wanjina Watchers Art](#) [Marty Phillip Hoare](#) They were given a fair warning to clean up their language, but seeing them unable to control themselves, banning is the only option left.

[Marty Phillip Hoare](#) [Wanjina Watchers Art](#) I agree. Discussion and expressing a view is fine. But the racial hatred, abuse, filthy language and threats of violence on this thread have been atrocious.

[Wanjina Watchers Art](#) [Marty Phillip Hoare](#) True, but since they always want to "speak for themselves" we thought it's only fair to let them express their thoughts in the way they know best ☐

\*\*\*\*\*

[Wanjina Watchers Art](#) [Marty Phillip Hoare](#) Yes, so the time has come to start banning the offenders.

[Marty Phillip Hoare](#) [Wanjina Watchers Art](#) banning and reporting.

When we've had enough, she started lying it was only one time. And was banned:

**Racquel Buis-Kerr**

[Marty Phillip Hoare](#) Attention readers.

As Racquel Buis-Kerr has cowardly blocked me so I cannot see her ridiculous comments would one of her devotees be good enough to pass on this message to her.

Racquel you really are a silly silly person. Please go away away with your stupid pathetic emails to my business partner. Yes Racquel, my business partner, not my employer. And while you're at it, please stop wasting your ignorant devotees time by encouraging them to also send emails. You are wasting yours and everyone else's time.

My business partner and I have absolutely no interest in your petty racist nonsense.

Take up the didgeridoo Racquel, it may help to calm your bitter soul.

[Corey Saylor-Brunskill](#) Marty Phillip Hoare Fuck up Cunt. No one cares.

[Racquel Kerr](#) Marty Phillip Hoare you make it sound like I sent multitudes when it was only a singular email calling you out on your bullshit.

But that's okay! No stress, nothing soothes my bitter soul than a middle aged white male trying to grab peoples attention because he feels attacked by a 27 year old Aboriginal female. Please continue.

[Wanjina Watchers Art](#) [Marty Phillip Hoare](#) We'll report Racquel for all sorts of breaches. As well as a number of other unsavoury characters who keep posting their vulgar insults and death threats on this thread, and trying to incite others to do the same. Their obsession with our art, their false accusations and outright lies, with which they are trying to justify their shameful conduct - show that some of Australian Aborigines - both the real and the fake ones - are extremely vulgar and aggressive people.

[Marty Phillip Hoare](#) [Wanjina Watchers Art](#) if it was my thread I'd be reporting every single one of these nutters who use filthy language, have made abusive comments, especially the ones who have made threats of violence. These people are absolutely despicable.

[Rosalina Abu-saleh](#) Shut the fuck up

## **Michael Conolly**

[Michael Conolly](#) is a real profile, calls himself an "educator", keeps inciting aboriginal hate by inventing lies and spreading those lies, as is common among aborigines, who run on gossip.

[Michael Connolly](#) Do you really think you as not being Aboriginal can just use a culture for your benefit when your spirit tells me you have come from abuse and by not fixing your pass and Heritage you bring the sadness to our people. Leave us to organise our spiritual world and go to your country of the your spirits and fix what your father has done.

Conolly, like hundreds of others of his ilk, reposts Watchers Art posts with calls for violence:

[Renée Tighe](#) This is only the tip of the iceberg of her fuckery. She needs a good bullet. There's nothing else that will fix this one.

**These responses to Connolly's call for violence show two typical Aboriginal methods – Let's keep annoying them until they do what we want, and let's just put a bullet to their heads.**

\*\*\*\*\*

There is something good coming out of the currently ongoing Aboriginal attacks – we will never again have to explain anything about Australian Aborigines to either people overseas or to the Australian public. Anybody who wants to know what they are can just look at “The Truth about Australian Aborigines – In Their Own Words” art installation and the comments it contains, to find out all they need to know about them.

Aborigines “forbid” everyone to talk about them without their “permission” – with threats of violence, as always – and demand that they must be allowed to speak for themselves.

We were giving them, for ten years now, a fair chance to present themselves any way they wish. And they made their choice. They presented themselves and their culture quite accurately – far better than anyone else would be able to describe them.

**“The Truth about Australian Aborigines – In Their Own Words” art installation  
is touring Europe this year.**
